## ART Grand Prix goes Rotax

Factory news

Following ART Grand Prix brilliant success in the international competitions over the past two years, the team headed by Nicolas Todt and Armando Fillini is ready to take on the Rotax World with an Official Team.

The team will be under the expert guidance of team owner Tomi Tuokko, and will have its own truck and technical staff to offer all drivers the best possible service.

ART Grand Prix Official Team Rotax will field its drivers in all Rotax categories - Micro MAX, mini MAX, Junior MAX, Senior MAX and DD2 - of Rotax MAX Challenge Italian and international series.

ART Grand Prix is also working on an evolution of its chassis line to provide drivers with the most competitive equipment for all Rotax categories.

The official presentation of ART Grand Prix Official Team Rotax will be held during the ART Grand Prix Open Days at the Circuito Internazionale di Siena, Italy, on 6-8th December.
