

CIK-FIA EUROPEAN KF&KFJ CHAMPIONSHIP – ALCANIZ, 12-16 JUNE 2013

**FIRST HIT FOR CRG AND MAX VERSTAPPEN IN THE EUROPEAN  
CIK-FIA KF&KFJ ROUND OF ALCANIZ IN SPAIN**

**MAX VERSTAPPEN GETS THE WIN IN THE FIRST HEAT OF THE WEEKEND IN SPAIN. UNLUCKY START FOR THE OTHER CRG DRIVERS BUT THERE'S PLENTY OF TIME TO COUNTER IN SATURDAY'S HEATS.**

Alcaniz (Spain). The first of the two rounds of the European CIK-FIA Championship for categories KF & KF Junior is underway on the spectacular up and downs of Alcaniz. The day of Friday as always has been devoted to free practice followed by qualifying with a further taste of racing with the first heats of the weekend. The first glimpse of summer hot made its appearance in Spain challenging even further people and karts.

**FIRST HIT BY VERSTAPPEN.** Some mis-haps for some CRG color bearers were mitigated by the performance scored by the new WSK Euro Series KZ1 champion **Max Verstappen** (CRG-Tm), who, after being 5th in qualifying obtained the first win in the only qualifying heat the Dutch driver took part in.

Things did not go that well for the others members of the "all blacks" team as they were struck by a bit of "mala suerte" with **Jordon Lennox-Lamb** (CRG-Bmb) and **Felice Tiene** (CRG-Parilla), having an accident at the start in the heat won by **Verstappen**.

**Lennox** had sometime immediately, while **Tiene** rejoined last and put in a damage limitation race ended in 17th, right behind team mate **Alex Palou** (CRG-Parilla), good 16th.

In KF Junior bitter start for the Romanian **Marcu Dionisios** (CRG-Bmb), 25th qualifying and involved in an accident in the heat.

All in all CRG 's start was not ideal, exception made for Verstappen but there is still plenty of time to recover the lost grounding Saturday.

**Max Verstappen** commented his first acquaintance with the spectacular Motorland Aragon of Alcaniz in this way: *"So far this is the best track in the world to me. Qualifying did not start so well but we identified and solved a problem to the chassis and later on things were much better in the heats an we found a good speed."*
