Editor's notes:

The Motor Sports Association (MSA) is the national governing body, responsible for the regulation and administration of four-wheeled motor sport in the UK. The MSA is a member of the world governing body, the Fédération Internationale de l'Automobile (FIA) and holds a seat on the World Motor Sport Council. The MSA represents 32,000 licence holders, 15,000 volunteer marshals and officials, more than 750 member clubs and issues permits for 4,500 motor sport events every year. As a result of its commitment to developing the sport, the MSA makes significant investment in the three elements of its Whole Sport Plan: 'Grow' targets an increase in participation levels, 'Sustain' invests in the infrastructure of the sport, its clubs and its people, and 'Excel' focuses on training future world champions and educating their peers.
