

Stadsbader ready to get back on track in Genk

Gilles Stadsbader will be engaged in the third act of the Iame Benelux Series this weekend at Karting Genk: The Home of Champions.

The Belgian, who performed well in the FIA Karting European round right at home, is racing with the Daems Racing team of Jan Daems, colors with which he won this year at the BNL Kick Off event.

Gilles Stadsbader, Daems Racing: *"I really look forward to starting. The X30 series have carved out an important role in the European karting scene and I consider it a very challenging engine. It will be a good opportunity to keep in shape."*

For Stadsbader Genk will be an occasion to grind more kilometers in sight of the FIA Karting OK World Championship of Alaharma.
