## DE CONTO, FORE' AND FEDERER CHARGING AT THE WSK MASTER OF CASTELLETTO ON CRG-MAXTER

Very positive debut in KZ2 for CRG drivers in free practice of the second round of the WSK Master Series in Castelletto. De Conto, Forè and Federer have been among the absolute quickest. Van Leeuwen shining in KF.

CRG works team got to Castelletto di Branduzzo (Pavia, Italy) for the weekend of the 22nd of March with great credentials ahead of the second round of the WSK Master Series. In KZ2, the CRG-Maxter pairing made by Paolo De Conto and Davide Forè posted the best times in the first free practice session while Fabian Federer has been very quick in the second one.

### DE CONTO, FORE' AND FEDERER AMONG THE QUICKEST IN KZ2

Great performance since the beginning for CRG thanks to the competitiveness of the combination chassis - engine and quick drivers of the likes of **Paolo De Conto**, who stopped the watches after 46"313s, and **Davide Forè**, who was just 25 thousandths of a second short of him, behind the wheel.

In the second session, Pescador and Kozlinski managed to better their time by a few hundredths, which foreruns a good battle in Saturday's heats and Sunday's final stages. Two other CRG-Maxter drivers, namely **Fabian Federer** and **Simo Puhakka** managed to get close to the front runners in the second session as **Federer** posted the third time in 46"344s and **Puhakka** the sixth in 46"453s.

#### OFFICIAL CRG PARTNERS

**Andrea Dalè**, also on CRG-Maxter, set the fifth time in the first session in 46"404s, while **Fabrizio Rosati** was 12th in 46"782s.

With these premises, all is set for another good challenge in this second round of the WSK Master Series, after the good round of Adria where CRG took a triple podium with **Puhakka** in KZ2, **Van Leeuwen** in KF and **Hauger** in 60 Mini.

### **VAN LEEUWEN TO THE FORE AGAIN IN KF**

The Dutch driver **Martijn Van Leeuwen** of team CRG Kaijzer Racing was again under the spotlight with the third time of the third session in 47"111s, that was 57 thousands short of Fewtrell, while **Dionisios Marcu** was 13th in 47"426s. The quickest of CRG drivers in the second session was the German **Hannes Janker** of team TB Motorsport in 47"231s, while **Pedro Hiltbrand** was 7th in 47"392s. **Felice Tiene** still had a slow start in P11 (47"494s), but the Italian driver has certainly what it takes to put in a great comeback. The other CRG driver, **Archie Tillett** set the 13th time instead in 47"635s.

A great performance was also put in by the Malaysia's driver **Muizzuddin Musyaffa Bin Abdul Gafar** of team Gamoto in KF Junior, as he claimed P5 in 48"426s. Team Gamoto is also present in 60 Mini with several protagonists, among which the very young **Dennis Hauger**, who was third in Adria and already won the WSK Champions Cup and the WSK Gold Cup this year.
