

CRG RACING TEAM

FLAVIO CAMPONESCHI IS A CRG DRIVER

Flavio Camponeschi works driver of the CRG Racing Team from 2016. A KF1 World Championship and two titles of European Champion of KZ in 2015 and of KF2 in 2008 under the belt of the Italian driver.

Flavio Camponeschi moved to CRG Racing Team. The strong Italian driver, one of the main talents of international karting and fresh winner of the KZ European Championship, is part of the CRG works team from 2016. Camponeschi will compete in the whole international season among the fields of the Italian squad.

“A new experience is about to start – declared Flavio Camponeschi – but I am motivated and also excited for my debut with CRG. I left a great team after 8 years run at high levels on a top class brand, but I found a place at a very strong squad like CRG which is a great opportunity for my future. CRG has been my first objective for the continuation of my career and I managed to reach a very satisfactorily agreement with the President Giancarlo Tinini. I did not have any doubt I would have found highly qualified technical personnel at CRG, but I was happy to see first hand their complete availability and this is a great premise for my forthcoming sporting commitments.”

OFFICIAL CRG PARTNERS

Flavio Camponeschi, 25 years old (he is born in Rome on 22 February 1992) has a great prize list. In 2015 he won his second European CIK-FIA Championship, this time in KZ after the 2008 victory of his first European CIK-FIA Championship in KF2. In 2012 he was crowned CIK-FIA World Champion of KF1. Among his many victories, he secured the KF2 WSK International Series in 2008 and the Italian ICA Junior Championship in 2005.
