GIACOMO POLLINI THE ABSOLUTE RULER

Giacomo Pollini, after shining in the last round of the Bridgestone Supercup with the fourth place, has dominated the Shifter Rok of the Rok Cup International and turned out to be the quickest of the 53 drivers on track. He posted the fastest time of his group in qualifying, won both heats, the Prefinal and has been the nearly unchallenged winner of the Final. With such an hat trick he did not leave any room to his rivals.

Among CRG drivers, a good result in Shifter Rok was also obtained by **Andrea Tonoli**, who recently won the Italian Prodriver Over Championship and was eighth in this Final, while **Pierluigi Giglio** ended 11th.

TEAM GAMOTO TO THE FORE IN MINI

Team Gamoto and CRG chassis managed to find a place in the final stages of the very tight Mini category that had 116 drivers at the start, with two very young drivers: **Luca Griggs** and **Adam Putera**. The two youngsters closed their effort respectively in P23 and P28, at the end of a solid weekend. After the third place in qualifying, **Griggs** was involved in an incident while leading one heat, which cost him a lot of positions in the final stages. **Putera** has been shining thanks to a

comeback in the heats that made him recover from the 50th place he held after qualifying, to the group P10 that earned him access to the final. The recent winner of the Czech Republic title **Dan Skocdopole** could not find a place among the finalists instead; he had to settle for the sixth place in the Petronas Trophy race due to a series of inconveniences.
