CRG FACTORY & RACING TEAM

CRG'S NEW WEBSITE IS NOW ON LINE WWW.KARTCRG.COM

The new CRG's website "Factory & Racing Team" features an engaging graphical layout to meet at best today's communication needs. An important Gallery with high resolution images is among the wide content of the new website.

Lonato del Garda (Brescia, Italy). CRG SpA's new website is now available. The new layout implements a graphical evolution with modern and engaging look added to a more organic and complete visualization of all news regarding the Company and the Racing Department, featuring frequent updates and a new photo-gallery with high-resolution pictures.

The content of the website will be available in Italian and English and will be accessible through a unique entry point www.kartcrg.com featuring the sections CRG Factory and CRG Racing Team to allow a quicker and more convenient browsing of all CRG's information, covering news for International sportive events and a rich photo-gallery of all the championships in which CRG works team is involved.

A wide Gallery section will also house high resolution (copyright free) pictures for Media and staff usage but also for the benefit of all the fans that follow CRG from all over the world.
