

Braeken ready for his OKJ debut at the WSK Super Master Series in Adria

As anticipated last week, Tom Braeken's new race plans also include WSK Promotion competitions. The first race is scheduled for next week at the Adria Karting Raceway.

On the track that saw him engaged in 60 Mini at the beginning of 2019, Braeken will mark his debut in OKJ after, until now, dedicating himself to the Rotax Junior MAX. This change in plans is due to the optimism that the Belgian has aroused in coach Stan Pex, who will also accompany him to Adria.

Tom Braeken, SP Motorsport (KR / TM): *"I'm really looking forward to starting. This will be a very tough week for both mind and body. I must arrive as prepared as possible and, above all, it will be essential to start the weekend in the right way because of the double program".*

Braeken will take to the track on Monday 29th for an intense week of racing which ends on Saturday with the final phase of round 3 and Sunday with the final phase of round 4.
